Guest Speaker

The Vice Chair welcomed Stuart Goodfellow from Fife Council's Traffic Department who was invited to attend by Cllr Docherty. Stuart addressed those present and responded to questions submitted as follows:

Speed limit update: All A & B Roads are assessed regularly for speeding. Only one incident recorded since extended speed limit introduced but in reality too early to measure effectiveness of this extension. Before introducing the extension, alternatives were considered but the width of the carriageway was a prohibiter. It was recognised that speeding exiting Pittenweem was still a problem and that is being monitored.

A lower limit of 20 MPH can only be introduced on A Class Roads in extreme circumstances or on a part time basis. Residential areas not forming part of the main A Road can have a reduced speed limit of 20 MPH

SG to report poor/dim lighting outside the Primary School

Whilst recognising that the double yellow lines had been extended at Toll Cross/Charles Street Corner, it was still thought the space left to allow vehicles turning into Charles Street was inadequate.

Disabled Parking bays are not for the use of one specific person. Any misuse to be reported.

Any parking on double yellow lines should be reported to the police on **0845 600 5702**

Overnight parking of caravans/campervans is unenforceable. Its only a police enforcement issue if an obstruction is being caused.

Camping and/or overnight parking at west braes is complicated as the car park not a public road. Only suggestion made was to consider introducing a height restrictor.

JKQ made the point that the 'Brown Signs' were grossly inadequate and requested an update. SG advised these were looked at 3 / 4 years ago but would look into this.

Meeting with Arts Festival as regards Traffic management is still to be held but SG envisages no vast changes from previous years.

The Vice Chair thanked Stuart for his attendance and advising on the foregoing.

Various discussions ensued and was left to progress the suggestion by JKQ to get all interested parties to hold a meeting to discuss the issues.
