On short term lets there is support for controlled areas connected to short term letting, **F.C** has asked how will it be established? It is part of an effort to control the use of houses for holidays. There is also concerns about registration and licenses of businesses that do letting, not everyone is happy regarding the regulations the Scottish Government has set out. Although there are changes.

There are to be two face to face meetings in Anstruther and two face to face meetings in Pittenweem to ensure the public, that don't have electronic devices can fill out paper copies of the survey manually as well as view maps and ask questions they may have. The place and dates will be advertised shortly. To ensure the community to have their say, postcards advertising the

These maps can be seen on the ENCAP website.

The main concern is where in Pittenweem can they be planted and vandalism is a worry. **P.M** suggested the Woodland Trust where the **PCC** could apply for some trees, help would be needed to plant them. **Cllr J.D** suggested getting in contact with the tree cutting officer at **F.C.** more discussions on the subject will continue.
